## **ACQUISITION OF RIGHTS to 25% of ANGELA AND PAMELA URANIUM TENEMENT APPLICATIONS – JUDICIAL RULING**

Acclaim Exploration Limited (Acclaim) refers to its announcement on 22 February 2006 that it has entered into an agreement to purchase the rights to a 25% interest in the mineral lease applications and mineral claim applications in respect of areas RO1292 (Amadeus Basin – Angela and Pamela Uranium Prospects) and adjoining area RO1103 (Alice Springs Region) in the Northern Territory. The mineral lease and mineral claim applications are contingent on the outcome of litigation in the Northern Territory.

On 27 February 2007, Justice Riley in the Supreme Court of the Northern Territory handed down his decision and made orders that:

1. appeals and applications for relief relating to land formerly contained in RO1292 be dismissed; and
2. the plaintiff was entitled to have its application for a mineral lease over the land formerly contained in RO1103 received and processed in accordance with the law.

The vendors have advised Acclaim that it is intended to appeal the decision.

Yours Sincerely

NJ Bassett  
Company Secretary
