## Update - Acquisition of Royalty Stream

Acclaim Exploration NL (“**AEX**”) advises that due diligence on the royalty stream acquisition announced on 30 July 2009 is continuing.

As previously announced, AEX has entered into a Binding Term Sheet with Arturus Capital Limited (“**AKW**”), to acquire the right title and interest to a 12% (15% of 80%) royalty stream over shallow gas projects located in Jackson County, Texas, USA. AKW holds the right title and interest to 80% of all income in relation to the projects.

Under the terms of the binding term sheet AEX has paid the sum of US\$100,000, however, no further sums will be paid pursuant to the agreement until completion of due diligence to the satisfaction of AEX.

Yours faithfully
