The Board is responsible for:

- ensuring the Company's conduct and activities are ethical and carried out for the benefit of all its stakeholders;
- development of corporate strategy, implementation of business plans and performance objectives;
- reviewing, ratifying and monitoring systems of risk management, codes of conduct and legal and regulatory compliance;
- the appointment of the Company's Managing Director, Chief Executive Officer (or equivalent), Chief Financial Officer, Company Secretary and other senior executives;
- monitoring senior executives' performance and implementation of strategy;
- determining appropriate remuneration policies;
- allocating resources and ensuring appropriate resources are available to management;
- approving and monitoring the annual budget, progress of major capital expenditure, capital management, and acquisitions and divestitures; and
- approving and monitoring financial and other reporting.

Other than as specifically reserved to the Board, responsibility for the day-to-day management of the Company's business activities is delegated to the Chief Executive Officer and Executive Management.

2(b) Board Composition

The Directors determine the composition of the Board employing the following principles:

- the Board, in accordance with the Company's constitution must comprise a minimum of three Directors;
- the roles of the Chairman of the Board and of the Chief Executive Officer should be exercised by different individuals;
- the majority of the Board should comprise Directors who are non-executive;
- the Board should represent a broad range of qualifications, experience and expertise considered of benefit to the Company; and
- the Board must be structured in such a way that it has a proper understanding of, and competency in, the current and emerging issues facing the Company, and can effectively review management's decisions.

The Board is currently comprised of two Non-Executive Directors and one Executive Director. The skills, experience, expertise, qualifications and terms of office of each director in office at the date of the annual report is included in the Directors' Report.

The Company's constitution requires one-third of the Directors (or the next lowest whole number) to retire by rotation at each Annual General Meeting (AGM). The Directors to retire at each AGM are those who have been longest in office since their last election. Where Directors have served for equal periods, they may agree amongst themselves or determine by lot who will retire. A Director must retire in any event at the third AGM since he or she was last elected or re-elected. Retiring Directors may offer themselves for re-election.

A Director appointed as an additional or casual Director by the Board will hold office until the next AGM when they may be re-elected.

The Managing Director is not subject to retirement by rotation and, along with any Director appointed as an additional or casual Director, is not to be taken into account in determining the number of Directors required to retire by rotation.

CORPORATE GOVERNANCE STATEMENT

2(c) Chairman and Chief Executive Officer

The Chairman is responsible for:

- leadership of the Board;
- the efficient organisation and conduct of the Board's functions;
- the promotion of constructive and respectful relations between Board members and between the Board and management;
- contributing to the briefing of Directors in relation to issues arising at Board meetings;

- committing the time necessary to effectively discharge the role of the Chairman.

The Chief Executive Officer is responsible for:

- implementing the Company's strategies and policies; and
- the day-to-day management of the Company's business activities

The Board specifies that the roles of the Chairman and the Chief Executive Officer are separate roles to be undertaken by separate people.

2(d) Nomination Committee

The Company does not comply with ASX Recommendation 2.4. The Company is not of a relevant size to consider formation of a nomination committee to deal with the selection and appointment of new Directors and as such a nomination committee has not been formed.

Nominations of new Directors are considered by the full Board. If any vacancies arise on the Board, all directors are involved in the search and recruitment of a replacement. The Board has taken a view that the full Board will hold special meetings or sessions as required. The Board are confident that this process for selection and review is stringent and full details of all Directors are provided to shareholders in the annual report and on the Company's website.

2(e) Independent Directors

The Company recognises that independent Directors are important in assuring shareholders that the Board is properly fulfilling its role and is diligent in holding senior management accountable for its performance. The Board assesses each of the directors against specific criteria to decide whether they are in a position to exercise independent judgment.

Directors of Acclaim Exploration NL are considered to be independent when they are independent of management and free from any business or other relationship that could materially interfere with, or could reasonably be perceived to materially interfere with, the exercise of their unfettered and independent judgement.

In making this assessment, the Board considers all relevant facts and circumstances. Relationships that the Board will take into consideration when assessing independence are whether a Director:

- is a substantial shareholder of the Company or an officer of, or otherwise associated directly with, a substantial shareholder of the Company;
- is employed, or has previously been employed in an executive capacity by the Company or another Company member, and there has not been a period of at least three years between ceasing such employment and serving on the Board;
- has within the last three years been a principal of a material professional advisor or a material consultant to the Company or another Company member, or an employee materially associated with the service provided;
- is a material supplier or customer of the Company or other Company member, or an officer of or otherwise associated directly or indirectly with a material supplier or customer; or
- has a material contractual relationship with the Company or another Company member other than as a Director.

The Board currently comprises two independent non-executive Directors.

CORPORATE GOVERNANCE STATEMENT

In accordance with the definition of independence above, and the materiality thresholds set, the following Directors Acclaim Exploration NL are considered to be independent:

2(f) Avoidance of conflicts of interest by a Director

In order to ensure that any interests of a Director in a particular matter to be considered by the Board are known by each Director, each Director is required by the Company to disclose any relationships, duties or interests held that may give rise to a potential conflict. Directors are required to adhere strictly to constraints on their participation and voting in relation to any matters in which they may have an interest.

2(g) Board access to information and independent advice

Directors are able to access members of the management team at any time to request relevant information.

There are procedures in place, agreed by the Board, to enable Directors, in furtherance of their duties, to seek independent professional advice at the company's expense.

2(h) Review of Board performance

The performance of the Board is reviewed regularly by the Chairman. The Chairman conducts performance evaluations which involve an assessment of each Board member's performance against specific and measurable qualitative and quantitative performance criteria. The Board member assessment measures are the responsibility of the Chairman. The performance criteria against which directors and executives are assessed is aligned with the financial and non-financial objectives of Acclaim Exploration NL. Primarily, the review will be carried out through consultation by the Chairman and with individual Directors. Directors whose performance is consistently unsatisfactory may be asked to retire.

3. BOARD COMMITTEES

3(a) Audit Committee

Given the size and scale of the Company's operations the full Board undertakes the role of the Audit Committee. The Audit Committee does not comply with ASX Recommendation 4.2 as the Chair of the Board is Chair of the Audit Committee and the Audit Committee does not comprise only Non-Executive Directors. The role and responsibilities of the Audit Committee are summarised below.

The Audit Committee is responsible for reviewing the integrity of the Company's financial reporting and overseeing the independence of the external auditors. The Board sets aside time to deal with issues and responsibilities usually delegated to the Audit Committee to ensure the integrity of the financial statements of the Company and the independence of the auditor.

The Board reviews the audited annual and half-year financial statements and any reports which accompany published financial statements and recommends their approval to the members. The Board also reviews annually the appointment of the external auditor, their independence and their fees.

The Board is also responsible for establishing policies on risk oversight and management. The Company has not formed a separate Risk Management Committee due to the size and scale of its operations.

External Auditors

The Company's policy is to appoint external auditors who clearly demonstrate quality and independence. The performance of the external auditor is reviewed annually and applications for tender of external audit services are requested as deemed appropriate, taking into consideration assessment of performance, existing value and tender costs. It is HLB Mann Judd's policy to rotate engagement partners on listed companies at least every five years.

CORPORATE GOVERNANCE STATEMENT

An analysis of fees paid to the external auditors, including a break-down of fees for non-audit services, is provided in the notes to the financial statements in the Annual Report.

There is no indemnity provided by the company to the auditor in respect of any potential liability to third parties.

The external auditor is requested to attend the annual general meeting and be available to answer shareholder questions about the conduct of the audit and preparation and content of the audit report.

There were no non-audit services provided by the auditors during the year.

3(b) Remuneration Committee

The role of a Remuneration Committee is to assist the Board in fulfilling its responsibilities in respect of establishing appropriate remuneration levels and incentive policies for employees.

The Board has not established a separate Remuneration Committee due to the size and scale of its operations. This does not comply with Recommendation 8.1 however the Board as a whole takes responsibility for such issues.

The responsibilities include setting policies for senior officers remuneration, setting the terms and conditions for the CEO, reviewing and making recommendations to the Board on the Company's incentive schemes and superannuation arrangements, reviewing the remuneration of both executive and non-executive directors and undertaking reviews of the CEO's performance.

The Company has structured the remuneration of its senior executive, where applicable, such that it comprises a fixed salary, statutory superannuation and, where applicable, participation in the Company's employee share option plan. The Company believes that by remunerating senior executives in this manner it rewards them for performance and aligns their interests with those of shareholders and increases the Company's performance.

Non-executive directors are paid their fees out of the maximum aggregate amount approved by shareholders for non-executive director remuneration. The Company does not adhere to Recommendation 8.2 Box 8.2 'Non-executive directors should not receive options or bonus payments'. The Company may, in the future, grant options to non-executive directors. The Board is of the view that options (for both executive and non-executive directors) are a cost effective benefit for small companies such as Acclaim Exploration NL that seek to conserve cash reserves. They also provide an incentive that ultimately benefits both shareholders and the optionholders, as optionholders will only benefit if the market value of the underlying shares exceeds the option strike price. Ultimately, shareholders will make that determination.

The board policy is to remunerate Directors at market rates for time, commitment and responsibilities. The Board determines payments to the Directors and reviews their remuneration annually, based on market practice, duties and accountability. Independent external advice is sought when required. Fees for Non-Executive Directors are not linked to the performance of the consolidated entity. However, to align Directors' interests with shareholders interests, the Directors are encouraged to hold shares in the Company.

The Company's aim is to remunerate at a level that will attract and retain high-calibre directors and employees. Company officers and Directors are remunerated to a level consistent with the size of the Company.

The Board believes that it has implemented suitable practices and procedures that are appropriate for an organisation of this size and maturity.

In accordance with best practice corporate governance, the structure of Non-Executive Director and Executive compensation is separate and distinct.

In determining remuneration, the Board has taken a view that the full Board will hold special meetings or sessions as required. No Director participated in any deliberation regarding his or her own remuneration or related issues. The Board are confident that this process for determining remuneration is stringent and full details of remuneration policies and remuneration received by directors and executives in the current period is contained in the "Remuneration Report" within the Directors' Report of the Annual Report.

CORPORATE GOVERNANCE STATEMENT

The Company’s “Policy for Trading in Company Securities” applies to all Directors, officers and employees. This policy sets out the restrictions on dealing in securities by people who work for, or are associated with the Company and is intended to assist in maintaining market confidence in the integrity of dealings in the Company’s securities. The policy stipulates that the only appropriate time for a Director, officer or employee to deal in the Company’s securities is when they are not in possession of price sensitive information that is not generally available to the market.

As a matter of practice, Company shares may only be dealt with by Directors and officers of the Company under the following guidelines:

- No trading is permitted in the period of 14 days preceding release of each quarterly report, half-yearly report and annual financial report of the Company or for a period of 2 trading days after the release of such report;
- Guidelines are to be considered complementary to and not replace the various sections of the Corporations Act 2001 dealing with insider trading; and
- Prior approval of the Chairman, or in his absence, the approval of two directors is required prior to any trading being undertaken.

Within 24 hours of a director being appointed to the Board, resigning or being removed from the Board, or trading the Company’s securities, full details of the director’s notifiable interests in the Company’s securities and changes such interest must be advised to the Company Secretary so that a record is kept within the Company and so that necessary ASX notifications will occur.

All directors must notify the Company Secretary of any margin loan or similar funding arrangement entered into relation to the Company’s securities and any variations to such arrangements, including the number of securities involved, the circumstances in which the lender can make margin calls, and the right of the lender to dispose securities.

The Company believes that all shareholders should have equal and timely access to material information about the Company including its financial situation, performance, ownership and governance. The Company’s “ASX Disclosure Policy” encourages effective communication with its shareholders by requiring that Company announcements:

CORPORATE GOVERNANCE STATEMENT

- be expressed in a clear and objective manner to allow investors to assess the impact of the information when making investment decisions;

Shareholders are encouraged to participate in general meetings. Copies of addresses by the Chairman or Chief Executive Officer are disclosed to the market and posted on the Company's website. The Company's external auditor attends the Company's annual general meeting to answer shareholder questions about the conduct of the audit, the preparation and content of the audit report, the accounting policies adopted by the Company and the independence of the auditor in relation to the conduct of the audit.

5(b) Continuous disclosure policy

The Company is committed to ensuring that shareholders and the market are provided with full and timely information and that all stakeholders have equal opportunities to receive externally available information issued by the Company. The Company's "ASX Disclosure Policy" described in 5(a) reinforces the Company's commitment to continuous disclosure and outline management's accountabilities and the processes to be followed for ensuring compliance.

The policy also contains guidelines on information that may be price sensitive. The Company Secretary has been nominated as the person responsible for communications with the ASX. This role includes responsibility for ensuring compliance with the continuous disclosure requirements with the ASX Listing Rules and overseeing and coordinating information disclosure to the ASX.

6. RECOGNISING AND MANAGING RISK

The Board is responsible for ensuring there are adequate policies in relation to risk management, compliance and internal control systems. The Company's policies are designed to ensure strategic, operational, legal, reputation and financial risks are identified, assessed, effectively and efficiently managed and monitored to enable achievement of the Company's business objectives. A written policy in relation to risk oversight and management has been established ("Audit and Risk Management Charter"). Considerable importance is placed on maintaining a strong control environment. There is an organisation structure with clearly drawn responsibilities.

6(a) Board oversight of the risk management system

The Company is not currently considered to be of a size, nor is its affairs of such complexity to justify the establishment of a separate Risk Management Committee. Instead, the Board, as part of its usual role and through direct involvement in the management of the Company's operations ensures risks are identified, assessed and appropriately managed. Where necessary, the Board draws on the expertise of appropriate external consultants to assist in dealing with or mitigating risk.

The Board is responsible for approving and overseeing the risk management system. The Board reviews, at least annually, the effectiveness of the implementation of the risk management controls and procedures.

The principle aim of the system of internal control is the management of business risks, with a view to enhancing the value of shareholders' investments and safeguarding assets. Although no system of internal control can provide absolute assurance that the business risks will be fully mitigated, the internal control systems have been designed to meet the Company's specific needs and the risks to which it is exposed.

Annually, the Board is responsible for identifying the risks facing the Company, assessing the risks and ensuring that there are controls for these risks, which are to be designed to ensure that any identified risk is reduced to an acceptable level.

The Board is also responsible for identifying and monitoring areas of significant business risk. Internal control measures currently adopted by the Board include:

- at least quarterly reporting to the Board in respect of operations and the Company's financial position, with a comparison of actual results against budget; and
- regular reports to the Board by appropriate members of the management team and/or independent advisers, outlining the nature of particular risks and highlighting measures which are either in place or can be adopted to manage or mitigate those risks.

CORPORATE GOVERNANCE STATEMENT

- The Company's risk management and internal compliance and control system is operating efficiently and effectively in all material respects.

6(d) Internal review and risk evaluation
